Your Certificates

Dear Madam, dear Sir,

We are pleased to send you attached your certificates pursuant to JAS. We would like to ask you to review the attached copies for possible mistakes, before sending you the originals.

We are pleased to inform, that no non-conformities were found during the inspection.

Nevertheless, please note: Out of the 82 farmers requested for JAS certification, only 65 have been approved, while 17, according to our understanding, must still be considered in conversion. Please make sure, that only products from these 65 farmers mentioned in the Approved Farmers List (AFL, see Annex 1 to Cert. 6037) can be sold as JAS certified!

As you have been informed before:

- The JAS seal has to be used for each shipment of organic produce exported to Japan. Please find attached a soft copy for this purpose.
- Your JAS certification is only valid, as long as the "grading procedure", as described in the submitted documentation, is implemented in practice.
- For each organic shipment to Japan, a transaction certificate should be requested from CERES. For this purpose, we need copies of:
 - Your commercial invoice to the Japanese importer
 - The Bill of Lading
 - The packing list
- You are obliged to inform CERES annually about the amount of products sold with JAS seal.

Best regards,

Albrecht Benzing, CERES GmbH
